

TMIS — Data Fields Required by TDMP

TMIS — Data Fields Required by TDMP

System: Teacher Management Information System (TMIS)

Owner: REB / TMIS team

Integration: Cached (scheduled sync every day)

Auth: TBD — pending API access and credentials

Base URL: TBD

1. Teachers / Instructors

Core teacher profile data

Source: RTB.xlsx "Active teachers" sheet — field names match exactly

Field	Type	Description	Required
employeeId	string	Unique employee/teacher identifier	Yes
lastName	string	Last name	Yes
firstName	string	First name	Yes
nidNumber	string	National ID number	Yes
gender	string	Gender (M/F)	Yes
civilStatus	string	Civil/marital status	No
phoneNumber	string	Phone number	No
email	string	Email address	No
rssbNumber	string	RSSB (Rwanda Social Security Board) number	No
passportNumber	string	Passport number	No
nationalityId	string	Nationality identifier	No
nationality	string	Nationality name	No
dateOfBirth	date	Date of birth	Yes
position	string	Current position	Yes
positionAppointment Date	date	Date appointed to current position	No

employmentDateInEducation	date	Date of first employment in education	No
qualificationLevel	string	Highest qualification (A2, A1, A0, Masters, PhD)	Yes
role	string	Role (e.g. teacher, head teacher)	Yes
employmentType	string	Employment type (permanent, contract, etc.)	Yes
schoolCode	string	Current school assignment code	Yes
schoolName	string	Current school name	No
teachingCategoryName	string	Teaching category/subject area	Yes
sectorName	string	Sector name	No
districtName	string	District name	No
countryOfBirth	string	Country of birth name	No
countryIdOfBirth	string	Country of birth identifier	No
placeOfBirth	string	Place of birth	No
hasEducationCertificate	boolean	Whether teacher has an education certificate	Yes
isActingHT	boolean	Whether teacher is acting head teacher	No
highestDegree	string	Highest degree obtained	No
specialization	string	Area of specialization	No
graduationDate	date	Date of graduation	No
status	string	Employment status (active, retired, resigned, dismissed, suspended, deceased, inactive)	Yes
isSuspended	boolean	Whether currently suspended	No
residentVillage	string	Village of residence	No
residentCell	string	Cell of residence	No

residentSector	string	Sector of residence	No
residentDistrict	string	District of residence	No
hasDisability	boolean	Disability status	Yes
disabilityType	string	Type of disability (if applicable)	No

2. Certifications

Professional certifications held by teachers

Source: Training Dept workshop — mentions "number of certified teachers in pedagogy, ICT, English Proficiency, School Leadership and Technical training" from TMIS. Field schema is proposed, not from source data.

Field	Type	Description	Required
teacherId	string	Teacher identifier	Yes
certificationType	string	Type (see list below)	Yes
status	string	Status (certified, in-progress, not-certified)	Yes
certificationDate	date	Date of certification	No
expiryDate	date	Expiry date (if applicable)	No
issuingBody	string	Organization that issued certification	No

Certification types:

- Pedagogy
- ICT
- English Proficiency
- School Leadership
- Technical Training
- Subject-specific

3. Specializations

Subjects and trades taught by teachers

Source: Curriculum Dept workshop — needs "Teachers per trade" from TMIS. Field schema is proposed, not from source data.

Field	Type	Description	Required
teacherId	string	Teacher identifier	Yes
subjectCode	string	Subject/trade code	Yes
subjectName	string	Subject/trade name	Yes
levelCode	string	Level taught (L1-L5)	No
combinationCode	string	Combination/trade code	No
isPrimary	boolean	Whether this is the primary specialization	No

4. Deployments / Placements

Teacher placement and transfer history

Source: Training Dept workshop — "Teacher's placement, teachers' transfers and Permutation" explicitly sourced from TMIS. Field schema is proposed, not from source data.

Field	Type	Description	Required
deploymentId	string	Unique deployment identifier	Yes
teacherId	string	Teacher identifier	Yes
schoolCode	string	School code	Yes
schoolName	string	School name	No
districtName	string	District	No
sectorName	string	Sector	No
startDate	date	Deployment start date	Yes
endDate	date	Deployment end date (null if current)	No
deploymentType	string	Type (initial placement, transfer, permutation)	Yes
reason	string	Reason for transfer/permutation	No
isCurrent	boolean	Whether this is the current deployment	Yes

5. Training Records / Professional Development

Teacher training and CPD records

Source: Training Dept workshop — "number of teachers in scholarship", "teachers attended international training program" from TMIS/SDMS. Field schema is proposed, not from source data.

Field	Type	Description	Required
trainingId	string	Unique training record identifier	Yes
teacherId	string	Teacher identifier	Yes
trainingName	string	Training program name	Yes
trainingType	string	Type (in-service, pre-service, workshop, seminar, CPD)	Yes
trainingTopic	string	Topic/subject area	No
provider	string	Training provider/institution	No
startDate	date	Training start date	Yes
endDate	date	Training end date	No
durationDays	integer	Duration in days	No
completionStatus	string	Status (completed, in-progress, dropped)	Yes
hasScholarship	boolean	Whether training was scholarship-funded	No
scholarshipSource	string	Scholarship source/donor	No

6. Leave Records

Teacher leave and absence tracking

Source: Training Dept workshop — reports "Teachers in Maternity leave", "Teachers in Study leave" from TMIS. Field schema is proposed, not from source data.

Field	Type	Description	Required
teacherId	string	Teacher identifier	Yes

leaveType	string	Type (maternity, sick, study, suspension, other)	Yes
startDate	date	Leave start date	Yes
endDate	date	Leave end date	No
status	string	Status (active, completed, cancelled)	Yes
approvedBy	string	Approving authority	No

7. Vacant Positions

Unfilled teaching positions at schools

Source: RTB xlsx "Vacant Post" sheet — field names match exactly

Field	Type	Description	Required
rtbPositionId	string	RTB position identifier	Yes
position	string	Position title	Yes
qualificationLevel	string	Required qualification level	Yes
role	string	Role (e.g. teacher, head teacher)	Yes
employmentType	string	Employment type (permanent, contract, etc.)	Yes
schoolCode	string	School code	Yes
schoolName	string	School name	No
teachingCategoryName	string	Teaching category/subject area	Yes
sectorName	string	Sector name	No
districtName	string	District name	No

8. Retirement Readiness

Teachers approaching or eligible for retirement

Source: Training Dept workshop — "Teachers ready to go in retirement" explicitly sourced from TMIS. Field schema is proposed, not from source data.

Field	Type	Description	Required
teacherId	string	Teacher identifier	Yes
dateOfBirth	date	Date of birth	Yes
retirementDate	date	Expected retirement date	Yes
yearsToRetirement	integer	Years remaining until retirement	No
isRetirementReady	boolean	Whether eligible for retirement	Yes

9. Performance Records

Teacher performance evaluations

Source: Training Dept workshop — mentions "teacher performance" as a data need. Not explicitly attributed to TMIS as the source system — field schema is proposed.

Field	Type	Description	Required
teacherId	string	Teacher identifier	Yes
evaluationPeriod	string	Evaluation period (e.g. 2025-2026)	Yes
performanceScore	number	Performance score	No
performanceRating	string	Rating (excellent, good, satisfactory, needs improvement)	No
evaluatorName	string	Name of evaluator	No
evaluationDate	date	Date of evaluation	No
comments	string	Evaluation comments	No

Suggested API Endpoints

Method	Endpoint	Description	Paginated
GET	<code>/teachers</code>	List all teachers (filterable by school/district/qualification)	Yes

GET	/teachers/{id}	Teacher profile with certifications and specializations	No
GET	/teachers/{id}/deployments	Deployment/transfer history for a teacher	No
GET	/teachers/{id}/trainings	Training records for a teacher	No
GET	/teachers/{id}/leave	Leave records for a teacher	No
GET	/deployments	All deployments (filterable by school, district, date range)	Yes
GET	/trainings	All training records (filterable by type, date range)	Yes
GET	/vacancies	Open positions (filterable by school, subject, district)	Yes
GET	/retirement-readiness	Teachers approaching retirement	Yes
GET	/teachers/performance	Teacher performance records	Yes
